

ANNOUNCEMENT FOR THE AWARD OF A RESEARCH FELLOWSHIP

Title: Bachelor's Research Grant - Photofarm (1 vacancy)

Reference: PHOTOFARM - 02719000 - BI – 02/2026 (1)

A call for applications is now open for the attribution of one (1) research grant within the scope of the I&D project **“Photofarm - Photonic Systems for Agriculture: towards healthy soils and smart and sustainable agriculture”**, operation code NORTE2030-FEDER-02719000, Notice NORTE2030-2024-84 SACCCT - Support System for the Creation of Scientific and Technological Knowledge - Integrated IC&DT Projects, financed by the Northern Regional Coordination and Development Commission | CCDR-N through the Northern Regional Operational Program 2021-2027 | NORTE2030, under the following conditions:

Scientific Area: Bioengineering.

Recipient category: The scholarship is intended for graduates in the field of Bioengineering.

Identify the type(s) of scholarship to be awarded:

- a) **Degree courses:** Research grants (BI) are intended for I&D activities by students enrolled in a Master or Integrated Master.
- b) **Non-conferring degrees courses:** They may also be intended for I&D activities by graduates enrolled in non-academic degree courses.

Requirement for granting the fellowship:

- The applicants may apply without prior registration in the course for which the fellowship is open. The requirement to enrol in a degree course or non-academic degree course will be verified on the date of contracting the fellowship;
- Only fellowships whose selected applicants present a valid proof of enrolment in a degree course or non-academic degree course will be contracted, according to the type of the fellowship, issued by a Higher Education Institution, indicating, respectively, the academic year or its duration (start and term).

Applicants' eligibility: Candidates who meet the conditions set out in Article 9 of the Research Grant Regulations, No. 950/2019, of 16-12-2019, of FCT I.P. are eligible.

Nationals or citizens of other European Union member states, third-country nationals, stateless persons, and citizens with political refugee status are eligible to apply for this competition.

Candidate eligibility requirements:

Candidates must hold, at the time of application, a bachelor's degree in Bioengineering. Proof of academic qualifications completed within the application deadline, including those resulting from academic degree recognition processes, is required for employment. It is required for contractualization, proof of enrolment in a master's in Physical Engineering.

Preferred Qualifications: Candidates must be Master's students in Physical Engineering – Area of specialization in Devices, Microsystems and Nanotechnologies. Good performance in the curricular units of Materials Science and/or Instrumentation. Experience in manufacturing/processing polymeric materials technologies. Demonstration of knowledge in nanodevices and nanoelectronics.

Workplan and objectives to be achieved:

The work plan consists of the following phases/tasks:

- a) Fabrication and optimization of thin films for UV detection in the 250–350 nm spectral range.

- b) Fabrication of UV photodetectors.
- c) Characterization and testing of the fabricated photodetectors.

The objectives to be achieved are the validation of intelligent and innovative approaches for the regeneration of agricultural soils, supporting the future development of regenerative agriculture systems.

Note: The work plan should aim at consolidating the scientific training of the research fellow in the framework of the course conferring a degree or academic diploma.

Applicable legislation and regulations: Research Fellow Statute (EBI), approved by Law n.º 40/2004 of August 18, in its current wording and FCT Research Fellowship Regulation, approved by Regulation n.º 950/2019, published in the Diário da República, 2nd series, of December 16, 2019, in its current wording, and Scientific Research Fellowship Regulation (RBIC) of the University of Minho, approved by order n.º 4998/2025, published in the Diário da República, 2nd series, n.º 81, of April 28, 2025 Amended and republished through amendment statement no. 634/2025/2, published in the Official Gazette, 2nd series, no. 132, of July 11.

Host/Contracting institution and scientific supervision: The workplan will be carried out in the Center for Electromechanical Microsystems of University of Minho (CMEMS-UMinho), located on the Campus of Famalicão In Hub - Innovation and Technology, Famalicão, under the scientific supervision of Doctor Eliana Maria Fernandes Vieira, and under coordination of Professor Luís Miguel Valente Gonçalves.

Fellowship duration: The grant will take place for a period of 12 months, with a provisional starting date in October 2026. The fellowship grant may, eventually, be renewed up to the maximum limit allowed by the project and/or applicable legislation

Amount of the research grant: The amount of the grant corresponds to 1090,98 €/month, according to the table of values of the Research scholarship of the University of Minho, updated annually, as decided by the Management Board.

Payment is made on the 23rd of each month, through bank transfer to the Bank Identification Number of the fellow identified in the contractualization process.

Other components of the research grant: Define other components of the scholarships, as provided for in Article 18º of the FCT Research Scholarship Regulations (RBI).

Other benefits: Reimbursement of Voluntary Social Insurance, if the candidate chooses to receive it, corresponding to the 1st level of discounts (for research grants with a total duration 6 months or higher) and personal accident insurance.

Exclusivity regime: The grantee will perform the activities under exclusivity, as foreseen in article 5º of the Research Fellow Statutes and applicable regulations.

Selection panel: The selection panel is constituted by the following members:

- a) President of the selection panel:** Professor Filipe Samuel Correia Pereira Silva, Full Professor, Department of Mechanical Engineering, University of Minho;
- b) Effective member:** Doctor Eliana Maria Fernandes Vieira, Assistant Researcher, Center for Electromechanical Microsystems (CMEMS-UMinho), University of Minho;
- c) Effective member:** Doctor Marino Jesus Correia Maciel, Assistant Researcher, Center for Electromechanical Microsystems (CMEMS-UMinho), University of Minho;
- d) Substitute member:** Doctor Sara Filomena Ribeiro Pimenta, Junior Researcher, Center for Electromechanical Microsystems (CMEMS-UMinho), University of Minho;
- e) Substitute member:** Doctor José Artur Oliveira Rodrigues, Junior Researcher, Center for Electromechanical Microsystems (CMEMS-UMinho), University of Minho.

The first effective member will substitute the President of the selection panel in case of impediment, being nominate the first substitute member in the place of the first effective member.

Criteria and procedures for applications assessment and selection:

The applications assessment will focus on the candidate's Merit, following evaluation criteria, valued on a scale of 1 to 5 values (or another scale)¹:

Applicant Merit - AM (100%):

- a) Academic background of the candidate, assessing their performance in degrees and courses relevant to the field of the call and the work to be developed, as well as previous experience in research projects, with a weighting of 40%;
- b) Experience and interest in the specified areas, highlighting experimental skills and providing access to a representative document (such as an article, thesis, or conference presentation) aligned with the field of the call and the proposed work, with a weighting of 40%
- c) Motivation letter, which will be evaluated in terms of clarity, relevance, and alignment of the candidate's goals with the project topic, with a weighting of 20%.

The final classification of the applicant's merit with the achieved through the following formula:

$$MC = (a*0,40) + (b*0,40) + (c*0,20)$$

A positive evaluation is required for the granting of the scholarship.

Application deadline and submission: The competition is open for a period of 10 working days, counting from the date of publication of the notice on the Euraxess portal.

Applications must be submitted by email to evieira@dei.uminho.pt indicating the reference number of the competition in the subject line. Only applications submitted within the established deadline and accompanied by the following documents will be accepted:

- a) Candidate's updated curriculum vitae;
- b) Certificates of the academic degrees obtained or, if applicable, the candidate's declaration of honor that he/she has completed the degrees required in the notice by the application deadline (not applicable to research initiation grants).

For degrees obtained abroad, the record of recognition of the academic degrees and record of the conversion of the respective final classification to the Portuguese classification scale must be presented, or, alternatively, a declaration of honor from the candidate.

This declaration must attest to facts that occurred prior to the application. In the event of a discrepancy between the information contained in the declaration and the documentation submitted for the purposes of contracting the scholarship, only the information contained in the latter will be considered. If it is found that the documents proving the academic degree and diploma, or their recognition under the terms of Decree-Law n.º 66/2018, of August 16, do not correspond to the classifications awarded in the assessment of the academic career and may consequently alter the candidate's ranking, the scholarship will not be contracted;

- c) Letter of motivation.

¹ If a second evaluation method is fixed – Interview, it may not have a weighting higher than 40%, according to n.º 1 of article 12º of UMinho regulation;

The jury shall define whether all candidates are interviewed or identify the criterion to be applied to a set of candidates to be interviewed and its valuation (*for instance, selection of candidates ranked between the 1st and 4th position in the evaluation list of APCQ*).

Form of publication/notification of results: The results of the evaluation are published in a single list (in alphabetical order or by final score obtained), posted in a visible and public place in the host unit, as well as by email to all candidates, attaching, for this purpose, the minutes of the jury's deliberations, within a maximum period of 90 working days from the deadline for submission of applications.

Candidates are informed, at a preliminary hearing, in accordance with Articles 121 and 122 of the Administrative Procedure Code, of the likely outcome of the final decision, and may comment within 10 working days of this notification.

The waiver of the hearing for interested parties must be justified in accordance with Article 124 of the CPA.

An appeal may be lodged against the final decision within 15 working days, or an appeal may be lodged with the highest executive body of the funding entity within 30 days, both after the respective notification (Article 12(nº6) of the FCT Research Grant Regulations).

Within 10 working days of notification of the grant award, the applicant must declare their acceptance in writing. In case of non-acceptance, the next highest ranked applicant will be notified immediately.

Constitution of a selection reserve list: The applicants ranked in the next positions on the ordered list will be included in a selection reserve list, which can be used until 31/10/2026.

Fellowship contractualization: The scholarship is awarded through the signing of a contract between the University of Minho and the scholarship recipient, in accordance with point 2.4 of the Rules for the Award and Management of Scholarships https://www.fct.pt/wpcontent/uploads/2022/03/Normas_de_Atribuicao_de_Bolsas_2021.pdf and the draft contract in Annex II of the University of Minho's Scientific Research Scholarship Regulations.

The contract can only be signed after receipt of all the documentation required for the type of scholarship, which must occur within a maximum period of 6 months, including proof of academic degrees or diplomas, as well as enrollment in non-degree study cycles or courses, as applicable.

Once all the documentation has been received, the contracting entity has 60 working days to sign the scholarship contract. Once received by the scholarship holder, the contract must be returned, duly signed, within 15 working days.

Term and cancellation of fellowship contracts: Without prejudice to the other grounds laid down in the University of Minho's Scientific Research Scholarship Regulation and in the Research Fellow Statute, the scholarship will cease on completion of the contracted work plan, as well as on expiry of the period for which it was granted or renewed.

The **final report** must be submitted to the scientific advisor, in accordance with the defined objectives and evaluation criteria, no later than 60 working days after the end of the scholarship and must be drawn up in accordance with Annex I of the Regulations of the University of Minho.

Non-discrimination and equal access policy: Universidade do Minho actively promotes a policy of non-discrimination and equal access, so that no candidate may be privileged, benefited, harmed or deprived of any right or exempt from any duty due, namely, to ancestry, age, sex, sexual orientation, marital status, family status, economic situation, education, social origin or condition, genetic heritage, reduced working capacity, disability, chronic illness, nationality, ethnic origin or race, territory of origin, language, religion, political or ideological convictions and trade union membership.
